

COMMERCIAL CLAMP

SUITABLE FOR UP TO 10 BAR

VPG

Rapid Response Clamping System

- 5X FASTER
- EASY TO INSTALL
- NO TOOLS REQUIRED
- ONE PERSON INSTALLATION
- ONE CLAMP COVERS A WIDE RANGE OF DIAMETERS
- REUSABLE

INSTALL IN LESS THAN 60 SECONDS

Seal Material	Nitrile	Nitrile	Nitrile	Nitrile
Temperature - Nitrile	(-20°C) to (115°C)	(-20°C) to (115°C)	(-20°C) to (115°C)	(-20°C) to (115°C)
Pressure Rating	10 Bar*	10 Bar*	10 Bar*	10 Bar*
* VPG Rapid Response Clamps can be ordered individually or supplied in various quantities. Larger sizes can be made to order.				

The VPG Rapid Response Pipe Clamping Solution is the fastest and easiest way to temporarily repair pipe leaks and bursts. Featuring the industry's fastest installation time of **less than 60 seconds**, VPG Rapid Response is the smartest choice for rapid pipe repairs.

Made from marine-grade stainless steel and featuring innovative, patented design, the system features a Nitrile seal, making it suitable for water, gas and most petroleum liquids.

The Clamp has application across a variety of industries including energy, oil and gas, mining, refining, aviation, maritime, chemical and food industries.

The VPG Rapid Response Clamp Offers

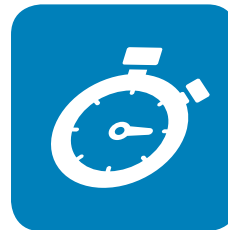

- Increased personnel and asset survivability
- Reduction in potential environmental damage
- Improved protection of assets
- Improved ability to maintain production
- Lower Total Cost of Ownership.

A major design advantage is that each clamp covers a wide diameter range. Only 8 different sizes are required to span the standard range 38mm to 930mm. Clamps to suit larger diameters are available on request.

Selection Choices

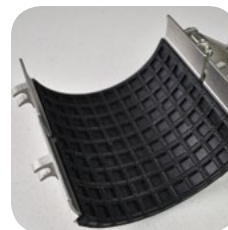

3 Variants of Rapid Response Clamps are available:

- Commercial - 10 Bar
- Milspec - 20 Bar and
- HP40 - 40 Bar.

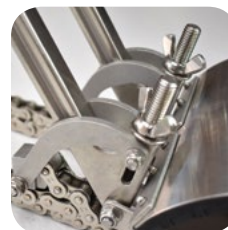

Rapid Repair

VPG Rapid Response Clamps are specifically designed to be applied by one person in less than 60 seconds. Less time equals increase of productivity and decrease of downtime.

Quality Products

VPG Rapid Response Clamps are robust and well engineered. Manufactured from marine grade stainless steels and nitrile rubber lip seals to provide superior sealing to 10 bar.

Ease of Use

VPG Rapid Response Clamps are designed to be applied with no tools required. Commercial Clamp can cover the range 38 to 930mm in diameter.

* Up to diameter 350mm
